

**Dear Valued Customers,**

Governor Wolf ordered all non-life-sustaining businesses in Pennsylvania to close by 8pm last night (3/19/20) in an effort to reduce the spread of the Coronavirus (COVID-19).

As a manufacturer of paper tubes and cores, we are deemed a life-sustaining business as we manufacture products that are necessary in many industries such as the medical field, flexible packaging, tape + label, etc. **At this time, Yazoo Mills remains open for business and is operating as normal.**

We are committed to continue providing exceptional service and products to those who put their trust in us. During this challenging time, we can assure you that we are remaining extremely proactive and are taking all necessary steps to protect our teammates and ensure that they can continue to work safely.

We will continue to monitor the situation as we navigate through these uncharted waters. Yazoo is following all recommendations from the CDC and WHO as well as those from the U.S. Government, so we can do our part in preventing the spread of COVID-19.

Our thoughts and prayers go out to everyone impacted by COVID-19. As we face the uncertainty of the current moment, one thing for sure is that **we're all in this together.**

Thank you for your continued support,  
Yazoo Mills, Inc.
